

## Tentative Syllabus

Because I teach to the students, and not to the syllabus, these dates and topics are tentative and subject to change without warning. In particular, if I don't discuss something you're interested in, ask about it! I may very well add it or modify what I'm covering to include it.

The discussion sections will present additional material and examples. The discussion section topics are *tentative* and subject to change as we see fit. Regardless of the topic listed, all discussion sections have a few ground rules:

- If you don't understand something in lecture, or are having problems with the assignments, we encourage you to ask about it. The primary goal of a discussion section is to discuss points that are confusing you, and we will clear up any confusion even if some material is not covered.
- You are responsible for material covered in discussion section. That material may be on assignments and exams.

---

|     | date        | topic   | reading         |
|-----|-------------|---|-----------------|
| 1.  | Thu, Sep 25 | Introduction, System Calls                                  | §1.1, 1.3, 1.4  |
|     | Mon, Sep 29 | <i>Discussion Section: MINIX System Calls</i>               |                 |
| 2.  | Tue, Sep 30 | Operating System Structure                                  | §1.2, 1.5       |
| 3.  | Thu, Oct 2  | Processes and Concurrency                                   | §2.1–2.2.2, 2.3 |
|     | Mon, Oct 6  | <i>Discussion Section: MINIX Process Implementation</i>     | §2.6            |
| 4.  | Tue, Oct 7  | Hardware and Semaphores                                     | §2.2.3–2.2.4    |
| 5.  | Thu, Oct 9  | Language Constructs for Concurrency                         | §2.2.7, 2.2.8   |
|     | Mon, Oct 13 | <i>Discussion Section: MINIX Process Manager</i>            | §4.7, 4.8       |
| 6.  | Tue, Oct 14 | Process Scheduling  | §2.4            |
| 7.  | Thu, Oct 16 | Process Scheduling  |                 |
|     | Mon, Oct 20 | <i>Discussion Section: MINIX System, Clock Tasks</i>        | §2.7, 2.8       |
| 8.  | Tue, Oct 21 | I/O Basics, Principles                                      | §3.1, 3.2       |
| 9.  | Thu, Oct 23 | I/O Scheduling, Process Interfaces                          |                 |
|     | Mon, Oct 27 | <i>Discussion Section: MINIX I/O Basics</i>                 | §3.4–3.6        |
| 10. | Tue, Oct 28 | Memory Management Basics                                    | §4.1–4.3, 4.6   |
| 11. | Thu, Oct 30 | <i>to be arranged</i>                                       |                 |
|     | Mon, Nov 3  | <i>Discussion Section: Midterm Examination</i>              |                 |
| 12. | Tue, Nov 4  | Page Replacement  | §4.4            |
| 13. | Thu, Nov 6  | More Page Replacement                                       | §4.5            |
|     | Mon, Nov 10 | <i>Discussion Section: MINIX Disks and Terminals</i>        | §3.7, 3.8       |
|     | Tue, Nov 11 | <b>Veteran's Day</b>  |                 |
| 14. | Thu, Nov 13 | Deadlock  | §3.3            |
|     | Mon, Nov 17 | <i>Discussion Section: to be arranged</i>                   |                 |
| 15. | Tue, Nov 18 | File Systems  | §5.1–5.3, 5.6   |
| 16. | Thu, Nov 20 | Networks  |                 |
|     | Mon, Nov 23 | <i>Discussion Section: MINIX File System Implementation</i> | §5.7            |
| 17. | Tue, Nov 25 | Security  | §5.4            |
|     | Thu, Nov 27 | <b>Thanksgiving Holiday</b>                                 |                 |
|     | Mon, Dec 1  | <i>Discussion Section: to be arranged</i>                   |                 |
| 18. | Tue, Dec 2  | More Security   | §5.5            |
| 19. | Thu, Dec 5  | <i>to be arranged</i>                                       |                 |
|     | Tue, Dec 9  | <b>Final Examination (6–8PM)</b>                            |                 |
