Notes for October 1, 1999 (Discussion)

1. Greetings and Felicitations!
   a. Go through handouts, class rules
2. Puzzle of the day
3. Procedures
   a. What procedures need to be put in place, and how will they affect security?
4. Human Factors
   a. Principle of Psychological Acceptability (note: illegal violates this)
   b. Principle of common sense (it's not common; more when we discuss robust programming)
5. Role of trust
   a. What is trust?
   b. Who cares?
